Zermat offers you the commercial range of GRAEF slicer machines

Experience, quality and service in packaging

ZERMAT is a company dedicated to the packaging with more than thirty years of sustained and constant growth. We manufacture an extensive range of vacuum packaging machines to cover all production measures and levels with an important recognition and prestige within the sector due to its pioneering work in **packaging machines**.

Zermat offers all services in the cutting and slicing of products and in the vacuum packaging:

- ✓ High quality machines
- ✓ Maximum performance and latest technology.
- ✓ Comprehensive advice.
- ✓ Technical Service
- ✓ Stock of spare parts for delivery in 24 hours.
- ✓ Fast delivery times. ✓ Maintenance. ✓ Spare parts.
- ✓ The greatest experience and the best service at your disposal.

Our quality is confirmed and endorsed by an infinite portfolio of customers integrated by producers and manipulators of all kinds of perishable products, sausage factories, meats, fish, supermarkets, distribution chains, small shops, etc. ZERMAT has also the GRAEF slicers brand exclusively for Spain and South America, with a range of more than 40 models from domestic slicers to high-production automatic slicers.
